Good tips for your application

1. A good application is based on a good and well thought idea
2. Motivate clearly the desired need for Nordic collaboration
3. Show that there is contact between the project partners (attach invitation, correspondance or agreement)
4. Attach the CV of the most central participant in the project.
5. Make a concrete and specified budget in relation to the Nordic relevance.
6. Describe a clear structure for the project (roles of the partners, realization of the project, schedule and other activities)
7. Take care that there is consistency between form/structure and content (idea/need)
